

## Imagine: Hawaii Volcanoes National Park

Imagine you are visiting Hawaii Volcanoes National Park. Read the description and draw the picture to the best of your ability.

---

Steam hisses from cracks in the earth as rivers of glowing orange lava creep down dark, rocky slopes. The air smells faintly of sulfur, and black volcanic rock stretches as far as the eye can see, shaping a landscape that seems both new and ancient. Nearby, lush green ferns and tropical trees somehow thrive beside hardened lava fields, showing how life always finds a way to return after fire.
