

## **Imagine: Carlsbad Caverns**

Imagine you are visiting Carlsbad Caverns in New Mexico. Read the description and draw the picture to the best of your ability.

---

Deep beneath the desert floor lies a hidden world filled with towering rock pillars, glittering crystals, and rooms so vast they feel like underground cathedrals. Stalactites hang like icicles from the ceiling, while stalagmites rise like stone candles from the ground. Shadows and light play across the rocky walls, making the cavern look both mysterious and magical.
