

Imagine: Washington's Mt. Rainier

Imagine you are visiting Mt. Rainier National Park in Washington. Read the description and draw the picture to the best of your ability.

A massive, snow-capped mountain rises high above the clouds, its peak glistening in the sunlight like a crown of ice. Dark green forests blanket its lower slopes, giving way to meadows bursting with wildflowers of purple, yellow, and white. Streams of melting snow tumble down its sides, sparkling as they rush toward the valleys below where elk and black bears roam quietly among tall evergreens.
